- 14. Management Recommendations:** CDOT recommends that the SH 82 Entrance to Aspen project follow mitigation measures as outlined in the ROD during improvements to the Main Street corridor in Aspen. The improvements will be within the right-of-way, which will not impact this resource. However, when and if the LRT is constructed, SHPO and the Aspen Historic Preservation Commission should review the design drawings for the LRT overhead lines and medians in its vicinity. This is outlined in the ROD as part of the mitigation.
